Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Israel on 1/9/2001. It is noted, however, that applicant has not filed a certified copy of the priority application as required by 35 U.S.C. 119(b).

Information Disclosure Statement

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

2. Applicant's information disclosure statement of 11/23/04 has been considered. However, this does not change the status of the application and therefore the allowance of the claims from the previous office action mailed on 10/19/04 is considered proper.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The present invention is directed to cell phone-handset combination. The invention discloses a cell phone-handset combination comprising:

Art Unit: 2684

(A) a hand set provided with a mouthpiece having a microphone therein, an earpiece having a 'miniature loudspeaker therein, and a yoke bridging the mouthpiece and the earpiece, said yoke having a socket therein adapted to cradle a cell phone;

(B) the cell phone provided with a microwave transceiver to which is coupled a microphone and an ear phone; and

(C) an interface network housed in the yoke and operative when the cell phone is cradled in the socket to couple the cell phone to the hand set so that the microphone and earphone of the cell phone are supplanted by the microphone and speaker of the hand set which then functions like a cordless hand set.

Independent claim 1 identifies the above underlined uniquely distinct feature.

Therefore claim 1 and the dependent claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR

Art Unit: 2684

1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sheridan Neimark (Reg. No. 20,520) on 9/21/2004.

2. The claims are objected to because they include reference characters, which are not enclosed within parentheses.

Reference characters corresponding to elements recited in the detailed description of the drawings and used in conjunction with the recitation of the same element or group of elements in the claims should be enclosed within parentheses so as to avoid confusion with other numbers or characters which may appear in the claims. See MPEP § 608.01(m).

Claim 1 should read as:

A cell phone-handset combination comprising:

(A) a hand set provided with a mouthpiece having a microphone therein, an earpiece having a 'miniature loudspeaker them in, and a yoke bridging the mouthpiece and the earpiece, said yoke having a socket therein adapted to cradle a cell phone;

(B) the cell phone provided with a microwave transceiver to which is coupled a microphone and an ear phone; and

(C) an interface network housed in the yoke and operative when the cell phone is cradled in the socket to couple the cell phone to the hand set so that the microphone and earphone of the cell phone are supplanted by the microphone and speaker of the hand set which then functions like a cordless hand set.

Art Unit: 2684

Also, in claim 1, indent (B), line 1, "a cell phone" should read as -- the cell phone -- .

Appropriate corrections are required.
